

ELANEV[®] DIALER OPTIMIZATION

WHY?

Get through your call lists up to **7 times** faster

Obtain your current RPC rates in up to **half the time**

Scale up – Agents will spend up to **25%** more of their time speaking with debtors

HOW?

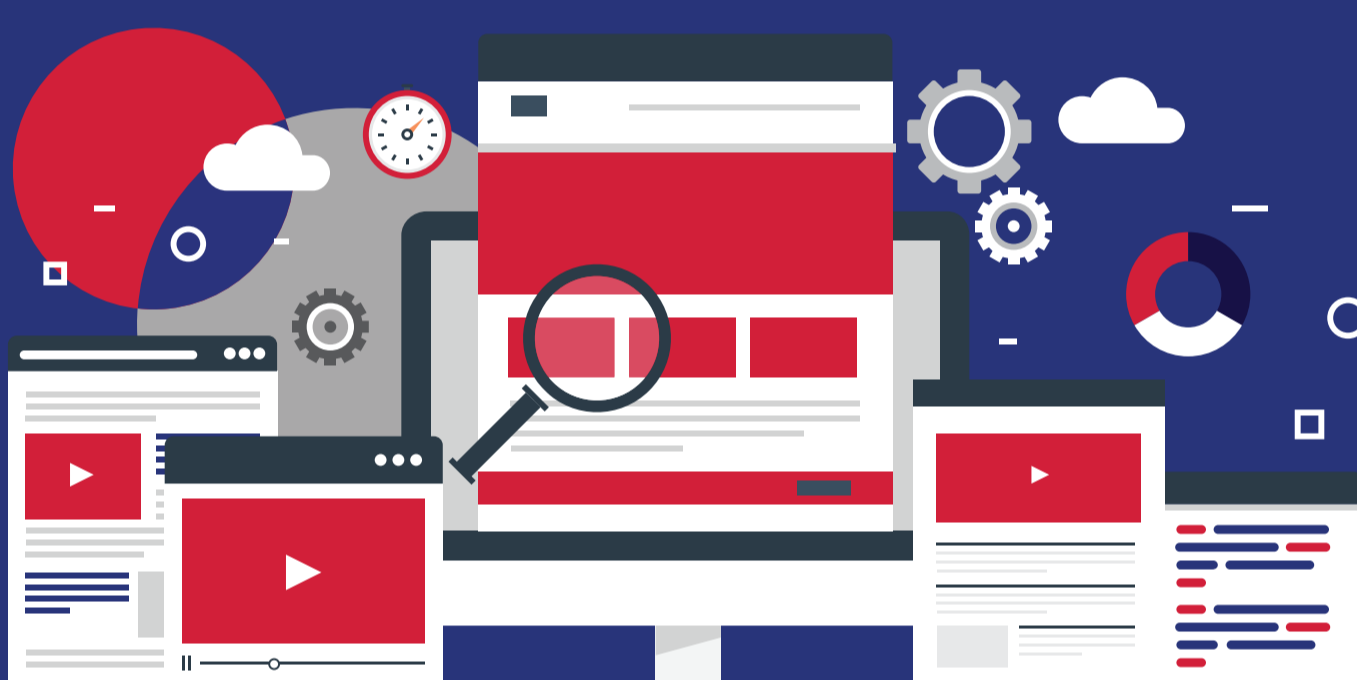

Only Solution to optimize new to dialer accounts and dialed accounts using latest AI to identify the best time to dial and propensity to contact

No personal data is required and as it is cloud based, you can be live within a week

Complements existing dialing and account strategies

WHERE?

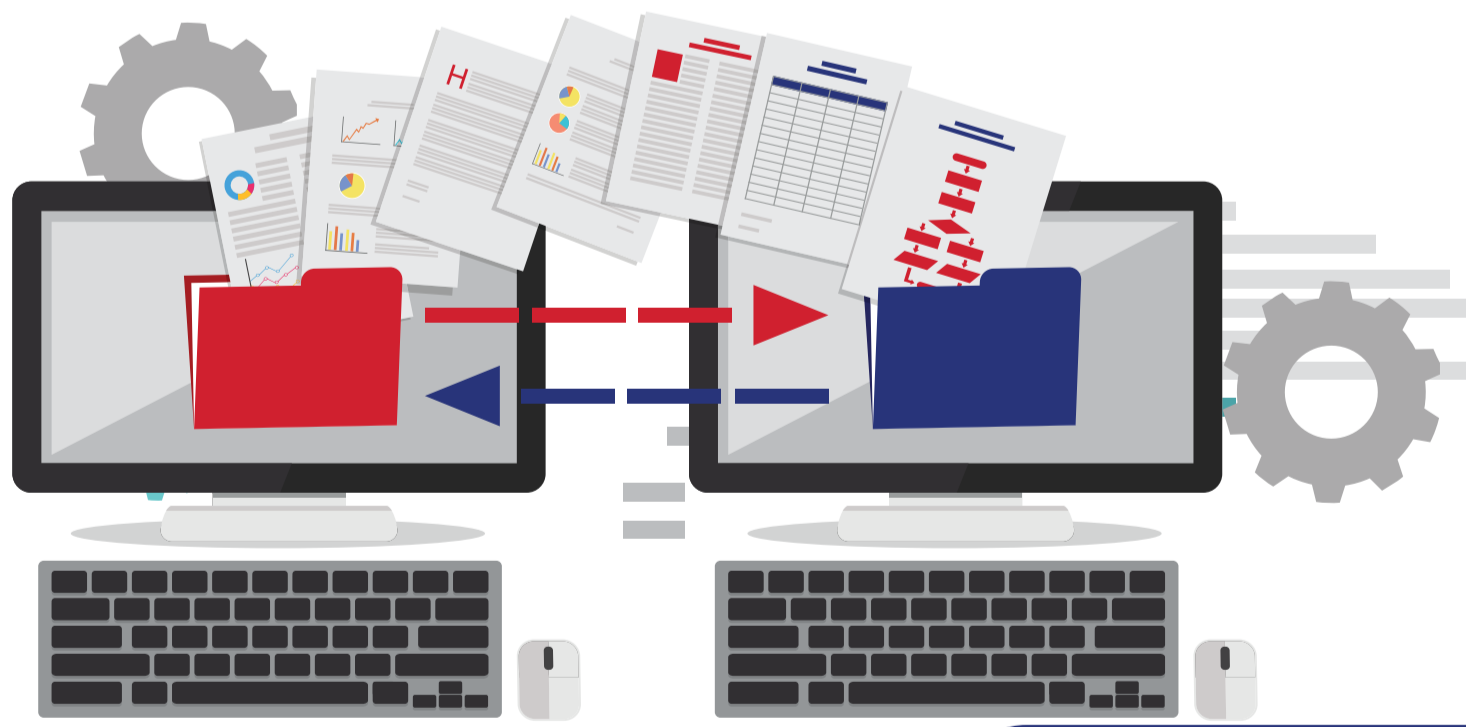

Dialer independent, currently configured for Latitude, TDX and LiveVox

Easy to add file configurations to suit you

Be live within a week, cloud based minimal data requirements

HOW MUCH?

Priced on a percentage of gain meaning no gain, no fee!
